

SPEC SHEET

24 In. 4-Coil Electric Oven Range, 240V in Stainless-Steel

Model: KM-SERC24-SS

FEATURES

- **High-Powered 4-Burner Coil Cooktop (8915 Watts Total Output):** Features four exposed coil heating elements, including a powerful 2100W burner for rapid boiling and three additional elements for precise, everyday cooking tasks.
- **Removable Drip Pans for Easy Cleaning and Maintenance:** Each burner includes a durable drip pan designed to catch spills and food debris, making cleanup quick and helping keep the cooktop area neat and protected.
- **Spacious 3.46 Cu. Ft. Oven Capacity for Everyday Cooking:** Generous interior space accommodates multiple dishes, making it ideal for baking, roasting, and preparing family-sized meals.
- **Built-In Convection System for Even Cooking Results:** Convection fan circulates hot air throughout the oven cavity, helping ensure consistent baking and roasting across all rack levels.
- **Front Control Design for Easy Access and Clean Look:** Convenient front-mounted controls eliminate the need to reach over hot surfaces while maintaining a streamlined appearance.
- **Wide Temperature Range (150°F–500°F) for Cooking Versatility:** Easily switch from low-temperature warming to high-heat baking and broiling with dependable control.
- **Two Oven Racks with 6 Adjustable Positions:** Includes durable racks with multiple placement options to accommodate different cookware sizes and cooking needs.
- **Durable Stainless-Steel Construction with Modern Styling:** Stainless-Steel front paired with black side panels provides a professional look while ensuring long-lasting durability.
- **Plug-and-Play Installation with NEMA 14-50P Connection:** Includes a NEMA 14-50P plug and power cord, designed for 240V installation to deliver reliable performance with straightforward setup.
