

# SPEC SHEET

## KoolMore Refrigerated Snack and Drink Vending Machine with 60 Slots and Coin/Bill Acceptor in Black

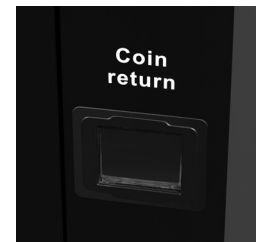

Model: KM-VMR-40-BC

### FEATURES

- Protects Contents and Saves Energy
- Double Door Accessibility
- Six Metal Plate-Style Shelves
- Innovative Drop Sensor
- 1-Year Parts and Labor Warranty

### CLOSE UP IMAGES

# Technical Specs

## Dimensions

|                                 |       |
|---------------------------------|-------|
| Length                          | 40.8  |
| Width                           | 31.1  |
| Height                          | 76.4  |
| Interior Width                  | 23.62 |
| Interior Depth                  | 28.35 |
| Interior Height                 | 50.39 |
| Weightlbs                       | 595   |
| Depth With Door Open 90 Degrees | 65.75 |
| Height To Top Of Door Hinge In  | 77.56 |

## Capacity

|                        |            |
|------------------------|------------|
| Maximum Shelf Capacity | 66.19 lbs. |
| Number Of Shelves      | 6          |

## Payment

|                   |                             |
|-------------------|-----------------------------|
| Currency Accepted | USD                         |
| Bills Accepted    | 1.5.10.20.50.100            |
| Accepts Coins     | Yes                         |
| Coins Accepted    | 1.5.10.25.50 cent, 1USD     |
| Payment Systems   | N/A                         |
| Pricing Range     | Based on the Payment System |

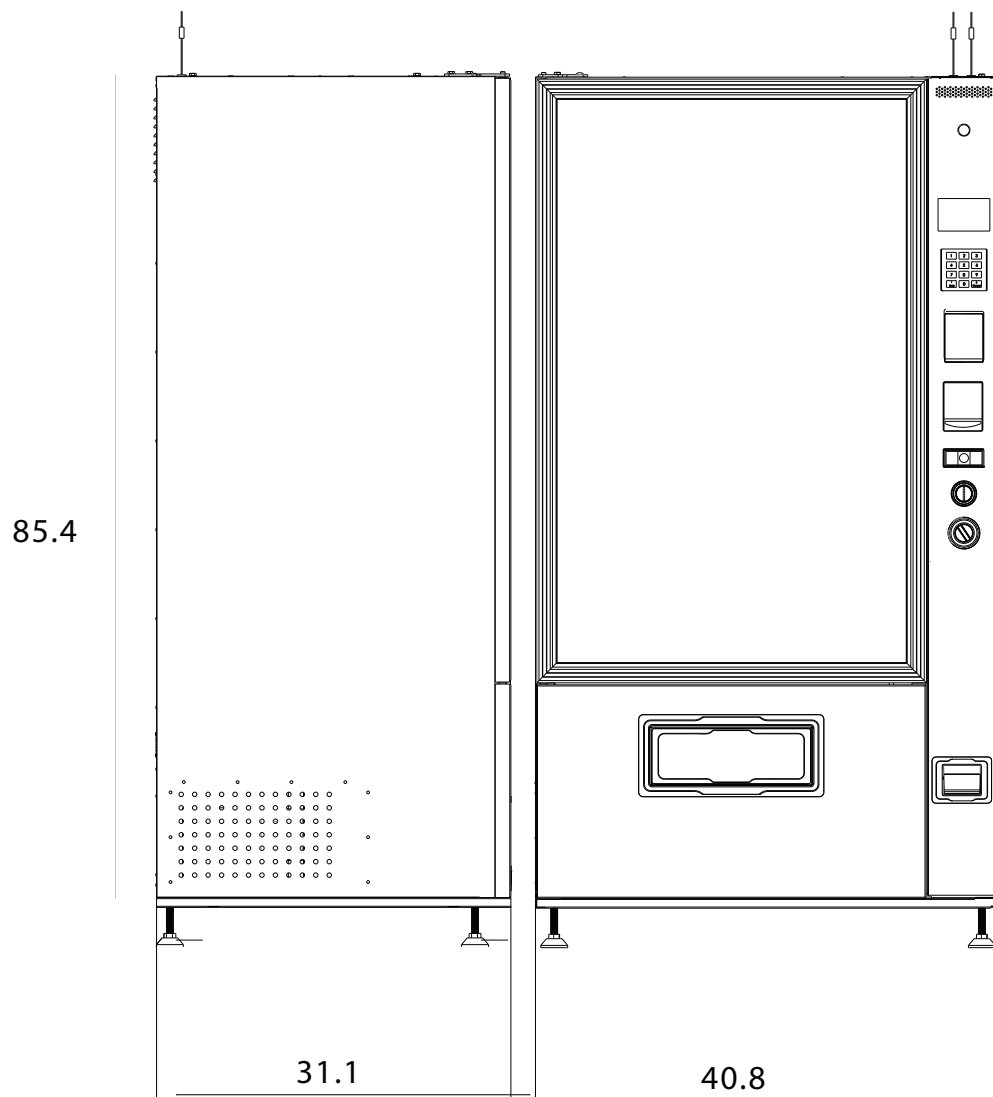

## Features & Materials

|                                             |                                            |
|---------------------------------------------|--------------------------------------------|
| Key Components Of Unit                      | mianboard, compressor,slot, payment system |
| Cooling Unit Type                           | Automatic                                  |
| Defrost Type                                | Automatic                                  |
| Horsepower                                  | 0.7                                        |
| Compressor Location                         | Interior Bottom                            |
| Control Type                                | Digital- Keypad                            |
| Refrigerant Type                            | R-1234Yf                                   |
| Ambient Temperature Range                   | 14-122 F                                   |
| Temperature Range                           | 39-77                                      |
| Number Of Doors                             | 2                                          |
| Door Style                                  | Drawer                                     |
| Hinge Location                              | Top and Bottom                             |
| Shelf Material Type                         | Metal Plate                                |
| Pull Out Tilt Shelves                       | Yes                                        |
| Number Of Selections                        | 1-60                                       |
| Network Connectivity Options                | 4G/WIFI                                    |
| Anti Fogging Glass                          | YES                                        |
| Mechanism For Anti Fog                      | Dual Pane Glass with Heating               |
| Screen Size                                 | 5 in.                                      |
| Anti Theft Features                         | Yes                                        |
| Drop Sensor                                 | Yes                                        |
| Water Resistance Rating                     | NO                                         |
| Data Logging                                | Yes                                        |
| Option For Data Transfer Wired Wireless Usb | Wireless and USB                           |
| Name Of Bill Detection And Chage System     | ITL                                        |
| Name Of Coin Detection And Change System    | ICT /CPI                                   |
| Operating System                            | MCU system                                 |
| Dual Zone                                   | Yes                                        |
| Self Diagnostic Errors Program              | Yes                                        |
| Money Back On Error                         | Yes                                        |
| Adjustable Flex Tray                        | Yes                                        |
| Pricing Display On Screen                   | Yes                                        |
| Glass Type                                  | Tempered Glass                             |
| Exterior Material                           | Cold-Rolled Metal                          |
| Interior Material                           | Aluminum                                   |
| Color Finish                                | Black                                      |
| Color Door Handles                          | Black                                      |
| Interior Lights                             | LED                                        |
| Interior Lights Location                    | Surrounding the Glass                      |
| Noise                                       | 30-40 dB                                   |
| Safety Lock                                 | Yes, Thread Lock                           |
| Feet Material                               | Iron                                       |
| Number Of Feet                              | 4                                          |
| Product Notes                               | Sprial sizes included are 70 and 80mm      |

## Electric Info

|                   |            |
|-------------------|------------|
| Amps              | 3          |
| Hertz             | 60         |
| Phase             | 1          |
| Voltage           | 110        |
| Wattage           | 510        |
| Plug Type         | NEMA 5-15P |
| Power Cord Length | 58.06      |
